## Veterans Day Parade & Fair

Saturday, November 7, 10 am - 1 pm • Historic Downtown Main Street

Active duty and retired U.S. military service members will be honored with a parade through Historic Downtown Grapevine! The parade will begin at 10 am. The parade will pay tribute to U.S. Military Veterans - past and present and will include floats, marching bands, military vehicles, antique vehicles and more. This parade was organized by a group of Grapevine area Veterans. Immediately following the Veterans Day Parade is the Veterans Day Fair hosted by Congressman Kenny Marchant. The Fair will be held near the Torian Cabin on Main Street, One Liberty Park Plaza. Wear your red, white and blue as we honor our U.S. military and their service to our Country.

## Grapevine Police Santa Cops Program

The Grapevine Police Santa Cops program is now in its 20th year. Santa Cops was implemented in 1995 by retired Officer Margie Salame to donate toys to economically disadvantaged children in the GCISD school district. Through this program, Christmas wishes are fulfilled to hundreds of area children each year.

Santa Cops is operated by Grapevine Police Officers, their families and community volunteers and is funded entirely by local donations. Santa Cops would be non-existent without the extreme generosity of the people of this great community!

Santa Cops accepts cash and new toy donations which can be dropped off at any number of our collection sites: Grapevine Police Department; City Hall; Central Fire Station; The REC, and Waffle Way.

Santa Cops is always in need of volunteers!

Please register for updates from our new Santa Cops Community Information Service at [nixle.com](http://nixle.com) or text from your mobile phone

to 888777 and text SANTACOPS. The information we publish via this service can be sent directly to you via text, email and/or web message.

Our 2015 wrapping dates are December 8, 10, 15 and December 17 (if necessary) from 6-9 pm. The Santa Cops workshop location will soon be shared via Grapevine Police social media channels (Facebook, Twitter and Instagram).

For additional information, please contact Grapevine Police Community Relations at 817.410.3206.

## A Message from the Fire Department — Heating and the Holidays

As we get close to the holidays and colder weather, be mindful of your heating and holiday decorations.

Check out these basic tips for your family's safety.

### LIVE Christmas Tree Tips

- Place tree away from heat sources.
- Use only non-flammable decorations.
- Use only lighting that is tested by a testing agency such as UL.
- Inspect lights for frayed wire or other defects before use.
- Do not leave lights on unattended.
- Keep natural tree stands filled with water at all times.
- When the tree becomes dry, discard it promptly.

### Heating Your Home

Each year heating is a leading cause of home fire deaths. Review these fire safety tips and be safe during the cold weather.

- Keep all things that can burn at least three feet from any stove, fireplace, portable heaters and space heaters.
- Never use cooking appliances to heat your home. Carbon monoxide is deadly and fumes from fires produce carbon monoxide and will collect if not properly vented to the outside.

- Electric space heaters should have cords plugged into outlets with sufficient capacity and never plugged into an extension cord.
- Space heaters should be kept at least three feet from anything that can burn and turned off when you leave the room or go to bed.
- Never use or store LP gas tanks inside your home.
- Kerosene heaters are not allowed in theaters, churches, hospitals or apartments.
- Kerosene heaters, if used in your single family house must be listed and approved by a testing laboratory such as UL.
- Always use the proper grade of kerosene, never gasoline or other fuels.
- Keep fireplace fires small and always use a screen to prevent sparks from flying into the room.
- Never burn paper or trash in a fireplace.
- Always allow ashes from your fireplace to cool completely before disposing of them.
- Have your chimney inspected, cleaned and/or repaired each winter, as necessary.

## Ideas to Recycle & Minimize Waste This Christmas Season

### Christmas Cards and Decorations

- **Christmas Cards:** Send your Christmas cards via email (E-card), buy cards made of eco-friendly stock, or use holiday photo card which may be used as a keepsake instead of thrown away. If you receive Christmas cards in the mail, use them the next year for kids' Christmas activities or crafts such as homemade gift tags.
- **Holiday Decorations:** Before disposing of old Christmas decorations, consider donating them. Donate them to a thrift store like GRACE or other organizations if they are in acceptable condition. Even old Christmas lights are readily accepted for recycling or trade-in now in exchange for the more energy efficient LED lights.
- **Christmas Trees:** Don't throw away your natural Christmas tree. Christmas Trees will be collected curbside with clean brush on Wednesday, January 6 or Wednesday, January 20.

### Green Gift & Re-use

- **Re-Usable Shopping Bags:** Just like any time of year, utilize re-usable shopping bags to reduce the number of plastic bags that are thrown in the trash.
- **Gift Certificates:** Gift cards are a great way to minimize waste and drive down your transportation footprint by keeping business local.
- **Handmade Christmas gifts:** Get creative (or help your kids get creative) with Christmas crafts and holiday baking. Homemade Christmas gifts like goodies, bread or Christmas

ornaments and decorations made of materials from around your home make meaningful and resourceful gifts.

- **Buy earth-friendly gifts:** Consider giving green gifts, or gifts made of durable materials or recycled content to minimize the impact on the environment.

### Christmas Wrapping & Packaging

- **Gift Wrapping Paper:** Most Christmas wrapping papers are not recyclable, especially if they are made of foil or metallic materials. Purchase wrapping paper made of recycled material whenever possible or have kids draw or paint their own designs on paper shopping bags for a fun Christmas activity.
- **Gift Tags:** Make your own gift tags using recycled wrapping paper or last year's Christmas cards.
- **Wrapping Accessories:** Re-use ribbons, bows, gift bags, and boxes whenever you can. Reusing ribbon may seem like a small step, but if every family in the U.S. re-used just two feet of holiday ribbon, it would save 38,000 miles of ribbon (equivalent to tying a bow around the planet)!

Anytime of the year, but especially Christmas, is a perfect time to practice your green recycling habits. Make recycling during Christmas a new holiday tradition for your family.

## Grapevine Recycles Day 2015 – Saturday, November 14

In association with America Recycles Day, the City of Grapevine will be hosting its annual Grapevine Recycles Day Event on Saturday, November 14 from 8 am until 11:30 am. The event will be hosted at the Municipal Service Center, 501 Shady Brook Drive. The City will be accepting the following recyclable and reusable items:

- |  |  |
|--|--|
| • paper/cardboard  | • appliances<br>(refrigerators, dishwashers, ranges, etc.)     |
| • plastic  | • eyeglasses and hearing aids                                  |
| • metal  | • re-usable items<br>(books / tools / toys / clothes sneakers) |
| • styrofoam  | • ink/toner cartridges   |
| • vehicle tires<br>(tractor or bicycle tires, tires should be removed from rims) | • cell phones/PDAs   |
| • batteries  | • mattresses   |
| • e-waste<br>(computers, printers, tvs)  |  |

Document shredding will also be provided at this event.

### Items that will NOT be accepted are:

Household Hazardous Waste (paint, oil, pesticide/herbicides, etc.), liquids, unknown waste, ammunition/explosives, closed cylinders (i.e., extinguishers, propane tanks), medical waste, radioactive material, commercial business waste.

In order to save time in line, you may download and complete the survey for this event prior to attendance at [GrapevineTexas.gov](http://GrapevineTexas.gov) prior to attending.

We will also be collecting food donations for GRACE and unwrapped toys for the Grapevine Police Santa Cops Program at this event.

Visit our expanded education and outreach area across the street from the event. Free food and a variety of giveaways will be provided by Keep Grapevine Beautiful (KGVb).

For more information, contact the City's Public Works Department at 817.410.3330.

## 2016 Annual Budget Highlights

Conservative spending, along with enhanced economic development efforts has resulted in a slight tax decrease. The tax rate for the City of Grapevine will be \$ .328437, making us one of the lowest in Tarrant County and the lowest rate of our neighboring communities.

In our latest online citizen survey, Grapevine residents made various requests for items and/or areas they wished to see improvement. You spoke, we listened! The following items have been approved by the Grapevine City Council for the upcoming FY2016 budget and will soon begin implementation. We will continue to assess those items that were not funded and seek opportunities to improve service in those areas.

### Staying Connected

The upgrade of WiFi on Main Street will allow us to provide bandwidth and a more secure connection for the public - providing higher speeds for residents and visitors. Our WiFi will also be extended at Dove Waterpark beyond the pool area and into Casey's Clubhouse and Dove Park play areas.

### Saving Lives Through Technology

The Grapevine Fire Department will be adding four Lucas Chest Compression Systems to ambulances. The Lucas devices are made by Physio Control, Inc. and will assist the firefighter/paramedics in saving the lives of sudden cardiac arrest patients. This device creates life-sustaining circulation by providing uninterrupted chest compressions, allowing the paramedics to better evaluate and care for the patient. This device will also help avoid neurological damage by delivering a steady supply of oxygen to the heart and brain. In two studies, the blood flow to the brain increased by 60% with the Lucas device - compared to manual CPR.

Body worn cameras are a tool used to document police/citizen interactions, with both audio and video. In the FY15 budget year, City Council approved the purchase of 60 body worn cameras. The 60 cameras allowed for all patrol officers to be equipped with a camera. For the 2016 budget, City Council has approved the purchase of 40 additional cameras. The 40 cameras will allow us to issue a camera to every sworn officer with the Grapevine Police Department.

### Dog Park Design and Construction

Design and construction of one dog park, along with design for a second will move forward this year. This project is in the preliminary planning stages so stay tuned for more information.

### Trails

The Grapevine City Council has asked for a review of the comprehensive master plan for trails so that they can see where future needs exist for trails and make smart funding allocations for future trail projects. This review will be completed this fiscal year.

### Animal Shelter Improvements

A full assessment of the Animal Services Division's operational and capital condition will be conducted this year to draw a roadmap for any future projects in that area. In addition, additional interior soundproofing and additional exterior kennels will be provided. These improvements will provide more outdoor space for the dogs waiting to be adopted and make the environment on the inside of the building more conducive to adoption.

### Christmas Decorations

The annual allocation for Christmas decorations this year will complete the transition to LED lighting on the rooftops of Main Street buildings, making downtown even more festive. The integrated LED lighting system will allow the light colors to change seasonally and for special events. The integration of the new LED lighting system throughout will ensure an 87% power usage savings. In addition, there is funding for a few additional surprises in the Liberty Park Plaza area.

### Continuation of Other Projects

Finally, we will continue several multi-phase projects during this year. Phase III of the backlit street sign project will light the remainder of the street signs at intersections along the Northwest Highway corridor, making for better visibility and navigation at night. The first phase of the DFW Connector landscaping project will match a TxDOT grant to improve the areas along the Highway 114 corridor from Main Street to Texan Trail with drought tolerant plantings.

## Firefighters Train City Employees to use CPR and AED Device

The Grapevine Fire Department in collaboration with the American Heart Association has implemented an educational program titled *Don't Die of Doubt*. This educational program offers a training component that is currently underway with 15 of our Grapevine Firefighters. These Grapevine Firefighters are being taught to be CPR (Cardio Pulmonary Resuscitation) and \*AED (Automated External Defibrillator) instructors. As training instructors, these Firefighters will be able to lead classes teaching City of Grapevine

employees on how to properly administer CPR and use an AED device, in the event of an emergency in City buildings.

\*An AED device is a portable device that checks the heart rhythm and can send an electric shock to the heart to try to restore a normal rhythm. AEDs are used to treat sudden cardiac arrest (SCA). SCA is a condition in which the heart suddenly and unexpectedly stops beating.
